

Yankee Invasion: A Novel of Mexico City, 2009, 237 pages, Ignacio Solares, 097982494X, 9780979824944, Scarletta Press, 2009

City centers on one of the most traumatic periods of Mexican history: the 1847 American invasion of Mexico City. Though just a dark shadow in America's past, the devastating conflict resulted in Mexico losing nearly half of its land. Crushed under the foot of Goliath, the small country began its descent into poverty. The story is narrated by a witness to events, Abelardo, who in the novel's very first pages commits an act of resistance that will haunt him the rest of his life. Now an old man, he recollects on his painful love for both his fiancée and her mother, which plays out against the backdrop of the American invasion and occupation. This is the first English translation of the 2005 novel *La invasion*, written by one of Mexico's most respected literary figures. The author of over twenty books, Ignacio Solares is a leader in Mexican arts and academia. This translation includes a new introduction by Carlos Fuentes, winner of the Cervantes Prize, awarded to Spanish-language authors for lifelong achievement. A gem of historical fiction, *Yankee Invasion* both enlightens and entertains. It focuses on a piece of history rarely discussed in American classrooms, with echoes of contemporary military conflicts. *Yankee Invasion* is a must-read for anyone interested in where we've been - and where we might be going.
